The Rector writes:

In April, our parish held its Annual Parochial Church Meeting. It is like an annual meeting of any organisation. It gives an opportunity to review the past year, consider the organisation's finances, look forward to the events of the current year and importantly thank 'supporters' for their continuing commitment.

The present financial climate is challenging for us all. Most people find themselves 'watching the pennies' a little more than in the past as they try to find ways to economise. This is true domestically. It is true for our churches. It is quite right that the members of any organisation support it financially. However, not many organisations with relatively small membership have the responsibility of maintaining listed buildings of which our parish has four.

There are frequent misconceptions about church finance. Many people assume that churches are supported from central funds. This is NOT the case. Congregations all over the country are expected to contribute to their respective dioceses (in our case, - Salisbury) in order that clergy stipends, housing and pensions can be paid. This payment is known as 'the Share' and calculated annually, and is based on the number of worshippers/members. That cost is in addition to the general running costs incurred keeping our churches open and in use. There is a significant and increasing shortfall between income and expenditure, particularly noticeable for upkeep of fabric.

It is sometimes frustrating when financial matters take so much time and energy. However, given the size of the challenge which congregations are faced, it is not so surprising.

In the meantime, enjoy the rich heritage that our churches are, and rejoice that they continue to be valued and available! With every blessing,

Norma Payne

Christian Aid 12th - 18th May - Bite back at hunger

There is more than enough food in the world for everyone, but one in eight people will go to bed hungry tonight. This is a scandal. This Christian Aid Week, we are focusing on projects around the world that are supporting communities to find ways not only to survive but to thrive, with enough food to eat not just today but tomorrow. For example south Zimbabwe is arid and prone to droughts, leading to failed harvests and acute hunger for many people. Unable to access clean, reliable water sources means many struggle to harvest even their strongest crops or provide safe drinking water to their families. Working closely with the community, Christian Aid partner, Dabane Trust, has helped to build a sand dam, transforming not only the harvests but life in the whole community. Thanks to sustainable farming techniques being taught by Dabane Trust, families are able to grow a range of crops to meet their own needs and even have a surplus to sell. To find out more of what our partners are doing in Bolivia, Kenya and Zimbabwe to 'bite back' at hunger and change the lives of thousands see christianaid.org.uk

Please support Christian Aid by using the donation envelopes in our churches, put them in the collection or give to the Rector or church warden.

Nature Notes

We have been in our new house for almost 11 months. I didn't start feeding the birds until we had that very cold spell with snow back in January. Up until then I had just been watching and taking note of what was about. Sadly, so far I have not seen a tree sparrow but I have a superb view of bullfinches feeding on the fruit buds just outside my bedroom window. There were regular visits from the green woodpecker when the ants were active last year. Then on the Sunday morning after the snow in January about 200 fieldfares landed to feed on the fallen apples.

We have a large pond in the garden and that attracts a lot of wildlife. At the beginning of March we had an orgy of frogs, I have never seen them spawning in the wild only on the TV. I had not heard a frog croak, in the flesh as it were, so it was great to hear them. The result of all the activity was a large mass of frog spawn but I am not sure whether it will have survived the very cold weather that we have been experiencing, time will tell. Last summer we had dragonflies and damselflies flying about which interested one of the local cats, Stitch, I was worried that he would lose his footing as he reached out to try and catch one, he never did of course! Also last year a kingfisher visited almost every day, a male as it had a black bill (the female has an orange lower bill - wears lipstick!). I saw him catch goldfish several times. Yesterday another bird came fishing, a heron, after a long and patient hunt it caught something amongst the rushes. Judging by the shape and colour I think it was an amphibian, a frog or toad, there are both in the garden and I have to remember to be careful when gardening. We occasionally saw a toad at the farm but I don't remember seeing a frog. I saw a newt last year when tidying the heathers but I am not sure which type, probably common. For the last week or so we have had a pair of mallard coming to the pond, they are tolerating us quite well now, at first they were easily spooked. A little egret visited the garden on Easter Saturday, but I must have moved too fast inside the house and frightened it away.

Spring is so late this year and up to this morning we still had bramblings feeding in the garden. The warmer weather that they are now predicting should trigger their departure and hopefully the arrival of swallows. Last year we had a swallow nest in the stables and they had at least one successful brood. The house martins should arrive a few weeks after the swallows. Last year we had a double house martin nest put up on the front of the house (opposite an existing nest on the property across the road from us). It was used and one successful brood was raised. At the beginning of May the swifts should come. We are lucky in Longbridge Deverill to have swifts around, I saw a good number feeding over the river last summer. I don't know whether there are any nests in the village? Swifts are in decline and need our help. Last Monday evening I attended a really good talk on swifts. They are amazing birds. Supreme flyers, they feed, mate and sleep on the wing and only land to nest. What would summer be without their aerobatic displays and screaming calls? To find out more about them look at the web site www.swift-conservation.org.

Wylde Valley Art Trail: Saturday 25th May - Sunday 2nd June

South West Wiltshire is buzzing with activity as artists and craftspeople add finishing touches to artwork and make final preparations for their exhibitions and open studios on the Wylde Valley Art Trail starting on **Saturday 25th May**. This year there are over 280 artists, showing their exciting work in 86 venues, following a meandering route through Warminster, Westbury, Mere, Hindon, Tisbury, and villages in between.

Once again, there's plenty of exciting art to see in the Deverill Valley:

A collaborative exhibition of 5 Artists in the Church of St Mary the Virgin in Kingston Deverill: Sandra Porter (Painting, printmaking), Kate Semple (Sculpture), Annemarie Blake (Painting, printmaking), Mel Day (Sculpture), Anthony Rogers (Sculpture). There's also a Jazz concert here on **Saturday 1st June** by World Class jazz musicians, The Nick Sorensen Trio. Two artists: Priscilla Stansfeld and Kath Prins, exhibit their paintings in Manor Farm, Kingston Deverill, including local landscapes and floral art. The Look and See Group: painters who meet at weekly workshops run by Pat Armstrong, show their paintings and drawings in various media between 10.30 am & 5.00 pm at the Upper Deverills Village Hall, Kingston Deverill. Also showing his practical and decorative ceramics is Andrew McFarland. Tony and Maggie Sant open their house, studio and garden again, in Sand St, Longbridge Deverill, for a fascinating exhibition of printmaking, photography and abstract painting. Textiles@LBD: a group of nine enthusiastic and talented textile artists show their work in an intriguing and quirky exhibition at Longbridge Deverill Village Hall. Four artists with very individual approaches to their work share an exhibition at the Lakeside Garden Centre, Crockerton. Jennie Gilling (Paperworks, mixed media), Jules Horn (Painting, printing), Maggie Port (Wood sculpture), Jane Gibson (Ceramics). At Bull Mill, Crockerton, artists and craftspeople plus guests open their studios and workshops to show a wide range of contemporary art: Joanna Sims (Painting, drawing), Philip Levers (Painting), Stephanie Gilbert (Jewellery), Trevor Parry (Wood turning), Tanya Hinton (Painting), Olivia Clifton-Bligh (Sculpture, printmaking), Bernard Harvey (Wooden board games), Nick Andrew (Painting), Amanda Baird (Food art, painting). Sculptures inspired by movement of water, wind, and the human form by Brian King at Wylde Valley Vineyard, Crockerton. An exhibition of watercolours, oil paintings and photographs by Pamela Johnson, along with colourful textile art by Pat Frost at Heather Mount, Potters Hill, Crockerton.

More information about these events and everything else to be seen can be found in the eye-catching Wylde Valley Art Trail brochures, available free from Tourist Information Centres and many other locations. You can view the whole event on www.wvat.co.uk and go to the Wylde Valley Art Trail facebook page for updates and more images. Sudan Garden Fete in aid of the Sudan Medical Link

Sunday 16th June 2.00 pm - 5.00 pm South Canonry Garden

Last year due to poor weather we relocated to the West End of the Cathedral and Cloisters and still managed to raise over £6,000. The Dean has kindly agreed to let us use the Cathedral again if the weather is wet, though we are hoping for a sunny day! To help boost our donation to the Sudan Medical Link we are having a big new **raffle** with a £500 top prize and many other fantastic prizes. Tickets for the raffle will be available before the fete so please let us know if you are able to take some books (5 tickets per book, £1 per ticket) to sell. If you have helped run a stall before or if you have not been involved but are able and willing to help please reply to Alexandra Adair at bishop.admin@salisbury.anglican.org. Cakes, preserves or similar items donated on the day would be greatly appreciated, last year we ran out very early! Bric-a-brac, plants and books can be brought to The South Canonry during the week before the Fete. We look forward to seeing you on the day.

The Chapel of St Lawrence, High Street, Warminster

Built as a Chapel of Ease in the 13th century, St Lawrence was bought by the people of Warminster in 1575 for the princely sum of thirty eight pounds six shillings and eight pence and thus became a 'Peculiar' existing outside the control of the Church of England and entrusted to the control and of twelve principal, honest and discreet men of the parish, who are known to this day as Feoffees. The Chapel is open every day, to everyone, from 9.00 am to 5.00 pm, and is described as an oasis in the midst of traffic and commerce of the town. The Friends of the Chapel of St. Lawrence (FOCSL) have now been registered as a charity with the objective of supporting the work of the Feoffees and helping promote and fund raise, to keep this wonderful chapel in good repair. The Chapel of St. Lawrence is an important part of Warminster's history. It belongs to the community and we must now look after its future. If you would like more information or feel you could give some time to support the committee, please contact Andrew Folker on 07783 381250 or afolker@globalnet.co.uk. We look forward to hearing from you.

Upper Deverills Parish Plan

The Working Group has now started writing the first draft of the Parish Plan. At the same time we are still gathering further information and continuing with consultation on a number of topics. We have produced a summary of all the comments that were made about the displays at the Feedback Event and the Pub Night. All households should have received with this Parish News the summary of comments on a one page sheet on our 'signature' blue paper. For those interested in the full results from last year's survey (as displayed at the Feedback Event) they can be found on the Parish News website (www.deverills.org.uk).

It is intended to hold a further series of small consultation events, probably taking the form of a short questionnaire combined with a round table discussion, targeted at themes where there is a need for more information. We are currently looking at events on themes related to: children (18-) in our villages; the older, 'mature' end of the community spectrum; for those involved or associated (past or present) with our local/rural economy.

These events will take place during April/May and details will be circulated to the specific groups concerned. These are not exclusive events, if you have an interest in attending and have not been contacted, please get in touch with anyone on the Working Group. The Working Group will be attending the Annual Parish Meeting on **Wednesday 15th May** and presenting to the Council a framework of the Parish Plan. Remember this is public meeting open to all parishioners.

Looking further ahead, a first Draft of the Parish Plan will be distributed to all households in June and this will be followed by a public meeting in the Village Hall at 10.30 am on **Saturday 20th July** where you can learn more about our Parish Plan and provide feedback on the draft. If you have any queries, have comments to make or wish to help with producing the Parish Plan, please contact someone in the Working Group: Kingston Deverill - Michael Mounde 844363; Monkton Deverill - Andrea Llewellyn 844803; Brixton Deverill - Peter Marsh 840828.

To avoid unsolicited sales calls and mail in the future you should remove your personal details from any sales lists. This can be done by registering with the Telephone Preference Service, this is a free service. Registration can be made by telephoning 0845 070 0707 or on line www.tpsonline.org.uk. Electoral registers, these are updated each autumn and are lists of all the names and addresses of everyone who is eligible to vote. There are two editions of the registers: a **full register** which is used for elections, preventing and detecting crime and checking applications for loan or credit and the **edited register** which is publically available for marketing and any other commercial activities.
